"The Bulletin" Chapter "E", Stones River Wings Gold Wing Road Riders Association

April 2017
Volume 2, Issue 4

SENIOR CHAPTER DIRECTORS

What a busy first three months of the year it has been for Chapter E and it looks as if it will get a lot busier, in a good way. The months of March and April have demands on all of us, taxes and more tax deadlines just to mention a few, but there is a light at the end of the tunnel. SPRING and Spring Fling; Spring is here and Spring Fling is just a few days away and those days will go by before we know it.

First things first, getting the bike serviced would probably be one of the first things on the list to do and the next would be planning for the weekend in Pigeon Forge enjoying our District Rally. There are so many things to try and fit into the three days of the rally that one doesn't know where to start. I suggest first visiting the TN District website at gwrratn.org and printing a copy of the rally schedule. That will give you a road map to help plan your activities and manage the limited time you have to take in all that's offered. The District Staff has worked all year to put together an exciting rally that will provide something for everyone and from looking over the schedule it appears they have done an outstanding job. In order to make everything run smoothly we all have to do our part; every chapter will have a volunteer work assignment; these assignments are scheduled so the time spent honoring our commitment will be short. Chapter E's assignment is manning the registration table on Saturday morning from 8:00 am until 12:00 noon and as usual with Chapter E Members we have more than enough volunteers to fill the time slot. However, if you have some time on your hands and would like to help in other areas I'm sure it would be very much appreciated. We have Chapter Members helping at the Educators table and with the Couple of the Year Program. Everyone get your 50's costume ready, we look forward to a great time at Spring Fling.

The ticket sales for our Chapter's St Jude Children's Research Hospital Fund Raiser are outstanding; you have almost sold out of our second batch of tickets, we put together the first batch of 3200 and they went fast so we did a second and they are almost gone. I hope we have to do a third and maybe a fourth run, that would be great. Let's keep up the good work by continuing to collect donations for the prize baskets and silent action items; the more prizes we have will make buying tickets for the drawing more attractive.

Looking ahead to May; In addition to our Chapter meeting on the 13th we have two Motorist Awareness events scheduled at local Wal-Mart Stores and we can't forget the Roane Mountain Steak-out May 19-20. If you have never been to the Steak-out you have missed a super event, and the riding is great in that area, make plans to go. If you can't make the trip to Roan Mountain, The Ride for Kids to support The Pediatric Brian Tumor Foundation is that weekend at Barfield Park in Murfreesboro. We will have more information on the ride in the coming weeks.

Thanks to every Member for what you do for Chapter E. Be sure to Ride Safe.

We are Friends for Fun
Safety and Knowledge!

Ed & Mary Ann Grazier
Assistant Chapter Directors

Friends for Fun, Safety & Knowledge

The first quarter of the year is in the books now, and we don't see how it could have been any more active than what we have already experienced. Instead of dwelling on the past this month, let us look at activities in April, and forward to future plans being made for the remainder of 2017. April fools day found three of us in training to expand our skills, or qualify us, under the GWRRA University Instructor program (see separate article). And at the April Team Meeting we discussed many activities for the remainder of the year and a new "tidbits" training program. This weekend after our monthly social, our Chapter is hosting a Road Captain Seminar and qualification check ride for some of our own, and many from other Middle Tennessee Chapters. Then it's off to

Spring Fling at the end of the month. Looks like we'll have a large number of participants from the Chapter . . . So, it promises to be another great time, especially with some of the activities that we have planned for the ride to and from Pigeon Forge, and during our stay at Spring Fling. In addition to our scheduled Chapter work assignment many of us have volunteered to assist in the operation of booths for Leadership Training, Member Enhancement and Rider Education. Volunteering to help in sharing the workload is what helps to make the Tennessee Convention one of the better events in our Region. Other events in the making are a weekend ride to Miss Patti's and the Badgett Theater, Kentucky Blast District Convention, Roane Mountain Steak Out, two Motorist Awareness Events, World War II Reenactment, the Chapter Camp Out, Wings Across Tennessee Ride and continued Wednesday Bowling throughout the summer. The preceding events, coupled with our monthly dinner rides, Chapter Visitation Program, other day rides and our St Judes Fund Raising Event, make for another busy and productive year.

We have discussed plans to actively participate in the Chapter of the Year Program for 2017. We discussed the requirements of the program at the April Team Meeting and the major areas which contribute to the overall rating of the Chapters in this program. Each of us has a significant impact on how we fair in this program. As we've stated time and time again, you don't have to do anything, and you may participate in as much, or as little of our activities as you wish. The Chapter of the Year program is designed as a recognition program for those Chapters that wish to be recognized for their activities and accomplishments. There are additional recognitions (Gold, Silver & Bronze Awards) for which we may qualify. Remember to report all activities, other than those with our Chapter to Randy, so that we can have recall of all of the activities and special events in which we have participated.

On another subject, our St Judes Fund Raising Event is coming along nicely. Many have turned in money, and many have a number of tickets which they have committed to sell. Don't forget to pursue obtaining donations for our drawings, that's what will make this project a huge success, and encourage folks to purchase tickets for the various drawings.

Until next month, Ride Safe & Ride Often

Do I Brake or Do I Swerve?

Murray Dunkin

Chapter "E" Educator

Motorcycle safety often depends on the ability of a rider to rapidly and reliably avoid obstacles. When a rider chooses to either brake or steer around an object while performing an accident avoidance maneuver, several factors will affect the outcome of that maneuver. These factors include rider skill, rider training, motorcycle performance, environmental conditions and the nature of the event or obstacle that is to be avoided. While many of these factors cannot be controlled, rider skill can be positively influenced through education, effective training and practice to improve skills.

So, when a rider finds himself in a situation where he needs to avoid an obstacle, what should he do? First, using the SEE method (Search, Evaluate, Execute), a rider should already have a plan that can be instantly executed as the situation evolves. However, in the real world of motorcycling, we may have to instantly execute a maneuver without the benefit of a plan. This is when training and practice come to the fore. There are lots of good training courses we can take to learn and develop new skills and it is highly recommended that we take the courses. When skills are learned, we all need to practice to keep our learned motorcycling skills sharp. Riding time is a way to become comfortable and familiar with the controls and feel of the motorcycle but we still need to practice avoidance maneuvers. Soon, we'll start doing the "Shiny Side Up" program where we will practice maneuvering skills at lower speeds.

So, when do I brake or when do I swerve? Mostly, it depends on the speed at which you are traveling. The study I looked at showed that if the motorcycle is traveling at less than 30 mph, hard braking will stop the motorcycle in less distance than it takes to do an emergency swerve using the counter steering method. Conversely, when traveling at higher speeds, an emergency swerve takes less distance traveled to avoid the obstacle than doing hard braking.

I think most of us may not be familiar with the performance of the motorcycle when doing an emergency swerve at high speed. The first time I practiced doing an emergency swerve travelling down I-24 using counter steering, I had to take a moment to calm down afterwards. I was really surprised at how quickly the bike jumped from the right track to the left track. And don't forget to counter the counter steer to get the bike going straight again. Also, don't forget to tell your co-rider what you are doing for the benefit of your own health. So, safely practice doing high speed emergency swerves on your own and do it in small steps until you become comfortable executing the maneuver instantly when required.

Ride safe, ride smart and SEE you on the next ride,

Get that Troll Off Your Back

Tim and Carol Moore

THE "E" MAC's

It will happen to you one day this year. If you ride or drive enough you will get that person who inevitably will follow behind you closer then you are comfortable with. Tailgating is a problem for everyone no matter what you drive or ride, but for a motorcycle it can be especially dangerous. So what can we do to get them off of our back?

- * Slow down to let that person that has to get there pass. If you are on a two lane curvy road slow down on a long open area of the road so that tailgater can pass you buy safely.
- * You can put on your emergency flashers to draw attention to yourself and hopefully cause the tailgater to move back away from you.
- * You can tap your brakes to give that person behind you a scare.

Years ago a rider of one of those other bikes would carry a hand full of marbles or ball bearing with him to toss behind him. While these are some ways to get others to notice us and get them off our bumper. We need to be careful when using these as they can cause a more dangerous situation, such as tapping your breaks could cause the car behind you to slam on their breaks and create a chain reaction accident. So is there a good way to get a tailgater off of your butt, probably not.

Ride Safe

Hello Chapter E

Wow, it's hard to believe it's April already! I guess the old saying is true "Time Flies When You're Having Fun and we have definitely had lots of fun so far this year as your Couple of the Year. The Couple of the Year Plaque was at Chapter T last month and we missed visiting them because we were at the Florida Rally. We will be visiting Chapter Y this month they currently have the Couple of the Year Plaque. So come on out and join us on Saturday, April 15 they eat at 9am and meet at 10am we hope to see you there. So.....until next time Ride Safe and Stay Aware.

2017 Couple of the Year

Walter & Barbara Donnell

Couple of the Year Social

The Florida District Rally was our first and it won't be our last! We had so much fun and I can definitely say they know how to make you feel welcome. It was a great three days packed full with lots to do. On Thursday we went to the dinner and the food was fabulous. After dinner we judged the costume contest, all the costumes looked great, it was very entertaining and kept us laughing. Friday was also a busy day we volunteered to work at the Couple of the Year booth selling tickets for the basket giveaway. The baskets the chapters put together had a Hawaiian theme and they had a lot of great items in them, even cash. We couldn't believe the time, effort and money the chapters put into making these baskets. We attended the Couple of the Year Social and went to the talent show. Saturday was a pretty laid back day, so we attended the Couple of the Year Selection, revisited the vendors and waited around for closing ceremonies. Even though we didn't win the Gold Wing we were glad someone from Tennessee did. I did win one of the Couple of the Year Baskets which I was very excited about and one of the worker prizes.

It was nice to see other Tennesseans there from our district, everyone was so friendly and Walter & I enjoyed getting to know them better. We were glad to see Jim and Brenda Sterling along with their friends The Huey's on Saturday. We had a wonderful time and made a lot of new friends. We are looking forward to the Florida District Rally next year but hope to go by motorcycle instead of car.

2017 Florida District Rally

As many of you know Walter & I attended the Florida District Rally. We were planning on going via motorcycle but Walter was involved in an accident the week before so he didn't feel it was safe for us to be on the motorcycle; since he had a pulled hamstring and a cracked rib. We still went via a Honda it just wasn't our motorcycle it was a Honda car. Walter is feeling much better now and is almost back to his old self, I think a lot of that was thanks to me for keeping him active and making sure he got his exercise.

On this past Saturday Murray, Mac and I spent the day completing the Instructor Certification Training Program, in training with instructors from the Goldwing Road Riders Association University, studying new training techniques and receiving our certification as GWRRA University Instructors. We were joined by participants from Tennessee Chapters A and H; Max Thomas, Tennessee District Trainer; the Maryland District Trainer (who flew in for this special training class); two Kentucky participants and observers Jim and Beverly Rambo, Region N Trainers. The class was directed at the recent change of increased interaction with those attending seminars and creating a more congenial learning process. The instructors for this class were Lorrie Thomas, GWRRA University Director of Programs (from Maryland), and Susan Huttman, Region N Assistant Trainer (from North Carolina). It was a fun filled and busy day, with emphasis on role playing, and application of how to better involve seminar attendees and increase the involvement of students in the learning process. Along with the certification, comes the ability for each of us to teach the standard GWRRA University Seminars and the newly developed GWRRA University Modules. A schedule of seminars to be presented will be developed and offered to Chapter participants in the coming months.

Additionally, thank you to each of the Chapter Team Members for your attention during the Chapter of the Year "Tidbits" session that was conducted at the Chapter Team Meeting on this past Tuesday evening. Just a quick ten minute session on Chapter of the Year, but a helpful session for some, who may not understand the requirements or administrative preparation of a nomination in this program. You may expect other "Tidbit" sessions in the future.

Ed Grazier

Certified University Instructor

Spring Fling

(Extracted in part from the April edition of the Tennessee District Newsletter)

It's time for Spring Fling!!!! Are you ready to have a good time? We have worked hard to put together a fun and entertaining program this year. Taking a quote from Harry Shaffer the Mississippi District Director "We will treat you in so many ways you are bound to like one of them". There will be a talent show, a bike show, a light show, a sock hop, a best dressed theme at the sock hop, a chapter challenge, a \$1000.00 dollar grand prize, and a \$500.00 dollar second prize. Door prizes also. Let's not forget the VENDORS. Did someone say awards, yes we will announce the Chapter Director of the Year, the Audrey Batson award winner, the Chapter Educator of the Year, the Zearl & Jane Black Award Winner, the Chapter of the Year, bike show winners, light show winners. Last but not least is the dinner and show at the Hatfield and McCoy's. This is going to be a all GWRRA show. Just us!

"Share the Road!"

We have four birthdays in the month of May.

★HAPPY★
BIRTHDAY!

Renee Victory, May 7
Graison Sweeney, May 10
Deloris Galloway, May 14
Marty Wolfe, May 20
Kateland Victory, May 25

Janice McGlothlin
Sunshine Lady

We have no anniversary in the month of May.

Chocolate Chip Cookies

1 cup (2 sticks) of butter, at room temperature
1 cup granulated sugar
3 large eggs
1 teaspoon baking soda
3 cups semisweet chocolate chips

1 cup packed light brown sugar
1 tablespoon pure vanilla extract
3 cups all-purpose flour
1/4 teaspoon salt
1 cup chopped walnuts or pecans

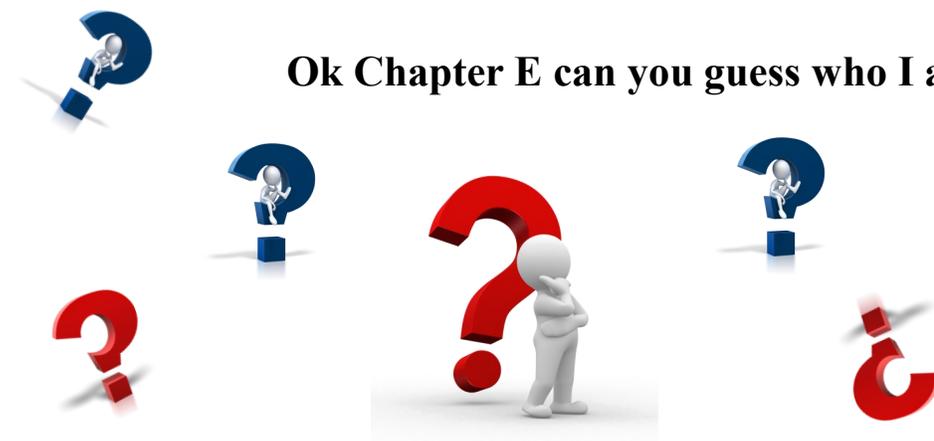

- * Place butter, brown sugar, and granulated sugar in a large mixing bowl and beat with an electric mixer on low until the mixture lightens, about 1 minute. Add the vanilla, eggs and beat on medium-low speed until smooth and the eggs are incorporated, about 2 minutes.
- * Place the flour, baking soda, and salt in a small bowl and stir with a fork to combine. Spoon the dry ingredients on top of the butter mixture and beat on low speed until it just pulls together, scraping down the side of the bowl as needed. Fold in the chocolate chips and nuts. Cover the bowl with plastic wrap and refrigerate the cookie dough for 30 minutes to 1 hour.
- * Place a rack in the center of the oven and preheat the oven to 350 degrees.
- * Spoon heaping tablespoons of cookie dough 2 to 3 inches apart on an ungreased baking sheet. Bake the cookies until the edges are lightly browned but the centers are still a little soft to the touch, 12 to 14 minutes. Remove the baking sheet from the oven and let the cookies cool until they firm up, about 3 minutes. Using a metal spatula, transfer the cookies to wire racks to cool completely. Refrigerate the remaining cookie dough as the first batch bakes. Scrape the baking sheet and let it cool, then repeat.

Let's have some fun and see if you can guess who's in the picture. If you would like to participate send me a picture, I'll put it in the newsletter and we will see who can guess who you are at our monthly social.

Ok Chapter E can you guess who I am?

David Broadway had knee replacement surgery, Eddie Jones was involved in a car accident and broke a couple ribs, and Walter Donnell was involved in a dump truck accident and broke a rib and pulled his hamstring. We would like to wish all of our Chapter E Members a speedy recovery!

Chapter "E" Tidbits

- ◇ Brenda & Eddie won 50/50 at Chapter Z.
- ◇ Johnny & Murray won 50/50 at Chapter Y
- ◇ Eddie won the rocking chair that Chapter N gave away at Chapter Y's Meeting.
- ◇ Eddie won 25/25 at our social in March
- ◇ Ed and Barbara won 25/25 at our social in March.
- ◇ Marty Wolfe won the quarter fund totaling \$118.90 at our March Social.
- ◇ Congratulations to Ed Grazier, Mac McGlothlin, and Murray Dunkin for achieving their Instructor Certification certificate.
